Sub: Submission of Manuscript for publication

Respected Sir,

We intend to publish an article entitled “Blood sugar control in the Intensive Care Unit: Time for a relook” in your esteemed journal as a “scientific letter” (an authors’ perspective on the best method for using a technology and probably can lead to a change in existing protocols). We declare that “We, authors alone are responsible for the contents and writing of the case description”. On behalf of all the contributors, I, (Dr Amy Grace Rapsang) will act as guarantor and will correspond with the journal from this point onward.
